Come along on Mustang's wild ride to automotive success. In the early 1960s, Lee Iacocca - then director of the Ford division at Ford Motor Company - convinced Henry Ford II to produce a sporty four-seat car aimed at the emerging youth market. That car, essentially a reconfigured and re-skinned Falcon economy car, became the Ford Mustang, and it changed the automotive world like no

Three Ford GTs will be built in 2003 to commemorate the 1-2-3 victory at Le Mans in 1966, and the car will see limited regular production beginning in June 2004. This book includes an in-depth analysis of how the car came to be, complete with original interviews with Ford execs and engineers as well as drawings of concept cars. Also included is a short chapter summing up the origins and race history of the GT40. Also a section discussing the concepts for GT40 revivals. Many of these cars have not been revealed

boy, even if the world sees him as a girl. He knows who he is in his heart and in his mind but he hasn't yet told his family. Finally, he can wait no longer: "I'm not a girl," he tells his family. "I'm a boy--a boy in my heart and in my brain." Quick to support him, his loving family takes Calvin shopping for the swim trunks he's always wanted and back-to-school clothes and a new haircut that helps him look and feel like the boy he's always known himself to be. As the first day of school approaches, he's nervous and the "what-ifs" gather up inside him. But as his friends and teachers rally
