science and actively involve them in learning key concepts. The 9th Edition features major scientific updates, new content that focuses on the possibility of life in the universe, and recent discoveries that provide modern contexts to help students see astronomy as highly relevant to their worlds now. The authors integrate a new focus on cultural diversity among scientists and ethics across science and astronomy, delving into science done by a wide range of people and evaluated in different ways. The authors write and create a wealth of Mastering Astronomy resources, carrying the coherent and cohesive approach of the book to the new and expanded digital tools, such as Prelecture Videos. Instructors can access this curated group of activities in Mastering Astronomy for use before, during, and after class and can easily edit the pre-built assignments to fit the way they teach. This text is also available in two volumes, which can be purchased separately: The Cosmic Perspective: The Solar System, 9th Edition (includes Chapters 1-13, 14, S1, 24) The Cosmic Perspective: Stars, Galaxies, and Cosmology, 9th Edition (includes Chapters 1-3, S1, 4-6, S2-S4, 14-24)

Building on a long tradition of effective pedagogy and comprehensive coverage, The Cosmic Perspective, Eighth Edition provides a thoroughly engaging and up-to-date introduction to astronomy for non-science majors. This text offers a wealth of features that enhance student understanding of the process of science and actively engage students in the learning process for key concepts. The fully updated Eighth Edition includes the latest scientific discoveries,

the latest scientific discoveries, revises several subjects based on our most current understanding of the cosmos, and now emphasizes deeper understanding of the twists and turns of the process of science and the relevance of concepts to student's lives. The text is supported by a robust package of instructor and student ancillaries, including MasteringAstronomy. This market-leading online tutorial and homework system has been updated with new content that helps students learn and review more effectively outside of class. The Cosmic Perspective: The Solar System, Eighth Edition includes Chapters 1-13, 14, S1, 24. Also available with MasteringAstronomy MasteringAstronomy from Pearson is the leading online homework, tutorial, and assessment system, designed to improve results by engaging students before, during, and after class with powerful content. Instructors ensure students arrive ready to learn by assigning educationally effective content before class, and encourage critical thinking and retention with in-class resources. Students can further master concepts after class through homework assignments that provide interactivity, hints and answer-specific feedback. The Mastering gradebook records scores for all automatically graded assignments in one place, while diagnostic tools give instructors access to rich data to assess student understanding and misconceptions. Mastering brings learning full circle by continuously adapting to each student and making learning more personal than ever--before, during, and after class. Note: You are purchasing a standalone product; MasteringAstronomy does not come packaged with this content. Students, if interested in purchasing this
