Reviewed in the United States on August 4, 2010. Verified Purchase. Will Dunne's The Dramatic Writer's Companion: Tools to Develop Characters, Cause Scenes, and Build Stories is one of several books I've read that target playwrights and screenwriters. In this case I think that's a shame, as the exercises in this book, especially for character development, are useful to anyone who creates fictional worlds.

Creativity, Hone their Writing, and Improve their

scripts. Having spent decades working with dramatists to refine and expand their existing plays and screenplays, Dunne effortlessly blends condensed dramatic theory with specific action steps—over sixty workshop-tested exercises that can be adapted to virtually any individual writing process and dramatic script. Dunne's in-depth method is both instinctual and intellectual, allowing writers to discover new actions for their characters and new directions for their stories. The exercises can be used by those just starting the writing process and by those who have scripts already in development. With each exercise rooted in real-life issues from Dunne's workshops, readers of this companion will find the combined experiences of more than fifteen hundred workshops in a single guide. This second edition is fully aligned with a brand-new companion book, *Character, Scene, and Story*, which offers forty-two additional activities to help writers more fully develop their scripts. The two books include cross-references between related exercises, though each volume can also stand alone. No ordinary guide to plotting, this handbook centers on the principle that character is key. "The character is not something added to the scene or to the story," writes Dunne. "Rather, the character is the scene. The character is the story." With this new edition, Dunne's remarkable creative method will continue to be the go-to source for anyone hoping to take their story to the stage.

Moss Hart once said that you never really learn how to write a play; you only learn how to write this play. Crafted with that adage in mind, *The Dramatic*

Writer's Companion And Build Scripts Will Dunne

Writer's Companion is designed to help writers explore their own ideas in order to develop the script in front of them. No ordinary guide to plotting, this handbook starts with the principle that character is key. "The character is not something added to the scene or to the story," writes author Will Dunne.

"Rather, the character is the scene. The character is the story." Having spent decades working with dramatists to refine and expand their existing plays and screenplays, Dunne effortlessly blends condensed dramatic theory with specific action steps—over sixty workshop-tested exercises that can be adapted to virtually any individual writing process and dramatic script. Dunne's in-depth method is both instinctual and intellectual, allowing writers to discover new actions for their characters and new directions for their stories. Dunne's own experience is a crucial element of this guide. His plays have been selected by the Eugene O'Neill Theatre Center for three U.S. National Playwrights Conferences and have earned numerous honors, including a Charles MacArthur Fellowship, four Bay Area Theatre Critics Circle Awards, and two Drama-Logue Playwriting Awards. Thousands of individuals have already benefited from his workshops, and The Dramatic Writer's Companion promises to bring his remarkable creative method to an even wider audience.

This book is a sequel to The Dramatic Writer's Companion by Will Dunne, master teacher of playwrights, screenwriters, and anyone working on dramatic scripts. Following the format of its predecessor, it is divided into three major sections on character, scene, and story and consists of more than

Read Online The Dramatic Writers Companion Tools To Develop Characters

40 new workshop-tested exercises to help writers zero in on and solve specific problems in their scripts. The book is fully linked to The Dramatic Writer's Companion and allows readers to find related exercises of interest in that volume, though it can also be used as a stand-alone resource.

Playwriting Seminars is "a treasure-trove of information, philosophy, and inspiration" (Theatre Journal), "an absolutely essential guide to all aspects of playwriting and a valuable whitewater raft trip down the rapids of Hollywood screenwriting" (Magellan), and "a terrific learning environment for writers" (WebCrawler Select). It was also a recommended resource for playwrights at New Dramatists (NYC). The Handbook's initial concepts came from the author's work with Lucasfilm and the BBC. It was originally developed for playwrights and screenwriters, but has since been used by writers of fiction and nonfiction books. This new edition covers all aspects of writing full-length plays with an expanded treatment of screenwriting for Hollywood and independent film as well as diagrams of key elements of dramatic structure. Playwriting techniques are explained with many examples from classic and contemporary plays performed today by America's regional theatres as well as on Broadway and Off-Broadway. The 392 page Handbook explains the interconnections between characters and plot and the importance of subtext to character development in the contemporary theatre (what characters don't tell us matters as much as what they say in dialogue). Key exercises are included for developing "voice" as a writer and for creating the essential dual plot

Structure that supports intriguing characters in

today's theatre. Many professionals in theatre and film are quoted on key parts of the art and craft of playwriting and screenwriting to help explain effective techniques. Special sections of the Handbook focus on getting inspiration and avoiding writer's block, editing first drafts, professional script formats for theatre and film (including software), how to launch new scripts, putting together submission packages for theatres and competitions, how to write an effective script synopsis and writer's bio, working with directors, actors and agents, how to survive audience "talkbacks" following readings and workshop productions, methods to adjust your playwriting skills for screenwriting and television work, and options for making a living at the craft of dramatic writing.

A More Perfect Ten is a revision of Gary Garrison's pioneering book on writing and producing the 10-minute play, and it is now the most authoritative book on this emerging play form. The 10-minute play has become a regular feature of theatre companies and festivals from coast to coast, and Garrison has distilled the advice of many of those people who had been instrumental in promoting the ten minute play for the last few years. Replete with advice and tips on creating the successful 10-minute play, and cautions for avoiding the pitfalls, this new edition also includes addresses for the biggest and most important 10-minute festival opportunities, new sample 10-minute plays and questions for thought and discussion, and sample layout templates for laying out the play for submission. The savvy playwright at any level of skill can use this little book to great

advantage. Plus Gary Garrison is warm, funny, irreverent, and essential. Dunne

Build a Timeless, Original Story Using Hundreds of Classic Story Motifs! It's been said that there are no new ideas; but there are proven ideas that have worked again and again for all writers for hundreds of years. Story Structure Architect is your comprehensive reference to the classic recurring story structures used by every great author throughout the ages. You'll find master models for characters, plots, and complication motifs, along with guidelines for combining them to create unique short stories, novels, scripts, or plays. You'll also learn how to:

- Build compelling stories that don't get bogged down in the middle
- Select character journeys and create conflicts
- Devise subplots and plan dramatic situations
- Develop the supporting characters you need to make your story work

Especially featured are the standard dramatic situations inspired by Georges Polti's well-known 19th century work, *The Thirty-Six Dramatic Situations*. But author Victoria Schmidt puts a 21st-century spin on these timeless classics and offers fifty-five situations to inspire your creativity and allow you even more writing freedom. Story Structure Architect will give you the mold and then help you break it. This browsable and interactive book offers everything you need to craft a complete, original, and satisfying story sure to keep readers hooked!

This new book from the author of *The Dramatic Writer's Companion* approaches some of the same issues as its predecessor but from a slightly different angle. It offers playwrights, screenwriters, and other

Dramatic Writers in-Depth Analysis of the Dramatic

architecture of three award-winning contemporary American plays: *Doubt: A Parable* by John Patrick Shanley, *Topdog/Underdog* by Suzan-Lori Parks, and *The Clean House* by Sarah Ruhl. Each relatively brief chapter is devoted to a specific story element--from "Characters" and "Main Event" to "Emotional Environment" and "Back Story"--with subsections that break down this element in each of the plays. Readers can choose to read across the chapters to follow the analysis of each play, but the structure gives primary emphasis to the story elements, comparing and contrasting how different writers have successfully handled them. Each chapter ends with a set of questions to help readers analyze and develop that element in their own work.

From the nuts and bolts of craft to the sources of inspiration, this book is for anyone who wants to write poetry-and do it well. *The Poet's Companion* presents brief essays on the elements of poetry, technique, and suggested subjects for writing, each followed by distinctive writing exercises. The ups and downs of writing life—including self-doubt and writer's block—are here, along with tips about getting published and writing in the electronic age. On your own, this book can be your "teacher," while groups, in or out of the classroom, can profit from sharing weekly assignments.

When a dissertation crosses my desk, I usually want to grab it by its metaphorical lapels and give it a good shake. "You know something!" I would say if it could hear me. "Now tell it to us in language we can

Companion Tools To Develop Characters

Understand!" Since its publication in 2005, *From Dissertation to Book* has helped thousands of young academic authors get their books beyond the thesis committee and into the hands of interested publishers and general readers. Now revised and updated to reflect the evolution of scholarly publishing, this edition includes a new chapter arguing that the future of academic writing is in the hands of young scholars who must create work that meets the broader expectations of readers rather than the narrow requirements of academic committees. At the heart of *From Dissertation to Book* is the idea that revising the dissertation is fundamentally a process of shifting its focus from the concerns of a narrow audience—a committee or advisors—to those of a broader scholarly audience that wants writing to be both informative and engaging. William Germano offers clear guidance on how to do this, with advice on such topics as rethinking the table of contents, taming runaway footnotes, shaping chapter length, and confronting the limitations of jargon, alongside helpful timetables for light or heavy revision. Germano draws on his years of experience in both academia and publishing to show writers how to turn a dissertation into a book that an audience will actually enjoy, whether reading on a page or a screen. Germano also acknowledges that not all dissertations can or even should become books and explores other, often overlooked, options, such as turning them into journal articles or chapters in an edited work. With clear directions, engaging examples, and an eye for the idiosyncrasies of academic writing, *From Dissertation to Book* reveals to recent PhDs the secrets of careful and thoughtful revision—a skill that will be truly

Invaluable as they add "author" to their curriculum vitae.

A groundbreaking book about personal growth that presents a uniquely effective set of four tools that bring about dynamic change in the present and impart a greater understanding of the depth and complexity of the human condition over the longterm. The Tools addresses the most common complaint patients have about psychotherapy: the interminable wait for change to begin. Barry Michels, an LA-based therapist, was frustrated by his inability to bring his patients faster relief from the issues that plagued them. He found a mentor in Phil Stutz, a psychiatrist who years before devised a methodology that arose from a similar disenchantment. The traditional therapeutic model sets its sights on the past, but Stutz and Michels employ an arsenal of tools--exercises that access the power of the unconscious and effectively meet the most persistent problems people face--and the results are electrifying. Stutz and Michels are much sought-after--a recent profile in The New Yorker touted them as an "open secret" in Hollywood--and treat a high-powered and creative clientele. Their first work, The Tools transcends the typical self-help genre because of its paradigm-changing material, the credibility of its authors, and the instant appeal and empowerment of its message.
