Note: this is a 5.5" x 8.5" (13.97 x 21.59 cm) size coloring book, similar to A5 padfolio size; perfect for purses, briefcases, backpacks. "Take it offline," "Let's get the ball rolling," "Ping me," and of course, "synergy." These are just some of the worst clichés that have come out of corporate America. It's a known fact that prolonged exposure to these office sayings can lead to increased eye-rolling, annoyance and strain of the facial muscles from too much fake smiling when hearing these from your manager. To combat this, we've created this corporate clichés adult coloring book as much needed stress therapy; a fun, passive-aggressive way to take out your angst against these ridiculous office sayings that have taken over your meetings, memos and emails from your company's higher ups. We've taken 19 of the most annoying corporate clichés and translated them into hilarious, literal translations that you can color and poke fun at. Most are even workplace friendly so you can hang them on your wall without your manager giving you the stink eye (well, depending on where you work ... hmmm time for the disclaimer: we make no promises on whether you'll get the stink eye if you pin pages of this book to your office / cubicle wall, so you assume the risk on that!). ***Benefits*** -We've taken 19 of the most ridiculous corporate clichés that have ended up on top business publications' "must stop using list" and translated them into hilarious, literal representations. -5.5" x 8.5" (13.97 x 21.59 cm) similar to A5 padfolio size; perfect for purses, briefcases, backpacks. -The perfect birthday, stocking stuffer, white elephant, secret Santa, gift for a co-worker, friend or loved one who has to suffer thru these clichés on a daily basis. -Studies have shown that adult coloring books are perfect stress therapy. We even consulted with a few therapists who confirmed this. And let's face it, hearing corporate clichés over and over is not fun! But what is fun is poking fun at them in a passive-aggressive way that can relieve stress! -Unlike most coloring books, each illustration is a carefully crafted theme, tied to a specific cliché and not simply random patterns. -Coloring book images are only on one side of the page (we didn't double dip!). -But not to waste the space, we put some fun stuff on the reverse side of each page: a corporate-speak definition, fun trivia and a hashtag on so you can post pictures of your artwork on social media. -We even included a fun all-occasion gift checklist inside the cover so you don't have to buy a separate gift card. You can be cheap and environmentally friendly at the same time!

Did you know that by adding a few simple steps to your selling process you could achieve sales you only dreamt of in the past? GoodbyeSellingProblems.com provides a 12 step system that you, as a business owner, or you, as a sales manager, can implement in less than a day and dramatically increase your results. Your sales efforts become much more productive and less stressful. It provides a framework for small businesses to structure their sales process. It strips away all the "fluff" and confusion that you encounter with most expensive sales training courses. The simple 12 step system provides a "nuts and bolts" approach to selling. It allows you to enter every sales situation with a purpose for closing the sale and gets you away from the deadly "sales visit" dilemma that most business owners and sales professionals fall into. In a just a few hours, you can literally gather the information that system introduces you to and make the most powerful sales presentation your company has ever encountered. When this system becomes part of your selling culture, it will provide you with improved sales, greater margins, and eliminate the competition. Author, Buzz Glover, after quietly reviewing and critiquing the sales people that called on him in his own businesses for over 15 years, became disillusioned with the fact that the great majority of salespeople were ill-prepared to sell their products or services. He knew that if he could introduce them to a system that he had developed and refined as a salesperson (and later as a sales manager), they could easily become much more effective at closing more sales faster! The system became a reality when he wrote this book as a companion to his system's website, www.goodbyesellingproblems.com. Through this sales system he is confident that he can change the way small businesses sell and make fundamental cultural changes in their approach to marketing their products and services.

Sometime in the present, corporate tyranny reigns supreme. To stop this madness, what can one person do? What can anybody do? Impassioned environmental activist and nightclub saxophonist Michael Quinn, and his techie guru sidekick, Simon, the mischievous circus clown, believe they, and the ubiquitous Wasteful Management team, have the answer for one day... several multinational corporation chief executive officers (CEOs), infamously renowned for their egregious actions, are mysteriously disappearing across the globe. They are "removed" from society in ways that illustrate poetic justice, as exemplified by the CEO of big agribusiness Tyrannex Inc. who is trampled by a giant GMO tomato in a remote part of India. Michael and Simon realize their window of opportunity is narrow, as Harry Potter and Bilbo's nemeses pale in comparison to real life's Multinational CEO sociopaths, whom Michael and Simon must overcome to save the day and the planet! Jim Hightower says, "Wasteful Management is a refreshing combination of intrigue, humor, camp and serious politics, fusing the gravitas of a Noam
