Spanning from 1940s wartime Brooklyn to 1960s and '70s Queens to present day rural New England, *Treyf* is a story of contradiction, hope, betrayal and one family's relentless yearning for acceptance; it is a vivid tale of what it means to find yourself both in spite of, and in honour to, your past.

Yankel is changed by what happens and finds himself with his best story yet, one of his very own.
