#1 bestselling author John Grisham's The Reckoning is his most powerful, surprising, and suspenseful thriller yet. "A murder mystery, a courtroom drama, a family saga . . . The Reckoning is Grisham's argument that he's not just a boilerplate thriller writer. Most jurors will think the counselor has made his case."--USA Today October 1946, Clanton, Mississippi Pete Banning was Clanton, Mississippi's favorite son--a decorated World War II hero, the patriarch of a prominent family, a farmer, father, neighbor, and a faithful member of the Methodist church. Then one cool October morning he rose early, drove into town, and committed a shocking crime. Pete's only statement about it--to the sheriff, to his lawyers, to the judge, to the jury, and to his family--was: "I have nothing to say." He was not afraid of death and was willing to take his motive to the grave. In a major novel unlike anything he has written before, John Grisham takes us on an incredible journey, from the Jim Crow South to the jungles of the Philippines during World War II; from an insane asylum filled with secrets to the Clanton courtroom where Pete's defense attorney tries desperately to save him. Reminiscent of the finest tradition of Southern Gothic storytelling, The Reckoning would not be complete without Grisham's signature layers of legal suspense, and he delivers on every page. Praise for The Reckoning "The quest for justice is only the beginning in this Southern family saga. . . . [Grisham] does so much more this time around."--Akron Beacon Journal "John Grisham is not only the master of suspense but also an acute observer of the human condition. And these remarkable skills converge in The Reckoning--an original, gripping, penetrating novel that may be his greatest work yet."--David Grann, New York Times bestselling author of Killers of the Flower Moon "John Grisham is the master of legal fiction, and his latest starts with a literal bang -- and then travels backward through the horrors of war to explore what makes a hero, what makes a villain, and how thin the line between the two might be."--Jodi Picoult, #1 New York Times bestselling author of A Spark of Light and Small Great Things

America is suffering from PTSD\u25a1a new leader alone cannot fix us. An enormous amount of healing must be done to rebuild our faith in leadership, and our hope for this nation. "Eloquent and hard muscled, deeply researched and deftly imagined, *The Reckoning* is an entrancing, fantastical journey to an end you will never see coming. The good news is it is just the start." --Michael Connelly (The Lincoln Lawyer, The Harry Bosch series) **GOOD FRIDAY. 1917. THE FRONT LINES OF THE GREAT WAR. HELL UNLEASHED.** A biblical scale armageddon, sparked by the horror of the conflict, ends the war and begins to consume the world. Demons rise and take possession of the slain. They hunt humanity, like an army of serial killers, exacting retribution for mankind's sins. A disparate group of survivors/soldiers and civilians from all the warring nations/bands together and tries to find sanctuary, while their pasts come to life and force them to face the reckoning for their sins.

THE NEW YORK TIMES BESTSELLER America is suffering from PTSD. The Reckoning diagnoses its core causes and helps begin the healing process. For four years, Donald J Trump inflicted an onslaught of overlapping and interconnected traumas upon the American people, targeting anyone he perceived as being an 'other' or an enemy. Women were discounted and derided, the sick were dismissed as weak and unworthy of help, immigrants and minorities were demonised and discriminated against and money was elevated above all else. In short, he transformed America into a macro version of his malignantly dysfunctional family. How can Americans make sense of the degree to which their institutions and leaders have let them down? How can they negotiate a world in which all sense of safety and justice seems to have been destroyed? How can they - as individuals and as a nation - confront, process and overcome this loss of trust and the ways they have been forever altered by chaos, division and cruelty? And when the dust finally settles, how can they begin to heal, in the midst of ongoing health and economic crises and the greatest political divide since the Civil War? Mary L Trump is uniquely positioned to answer these difficult questions. She holds a PhD in clinical psychology specialising in trauma, has herself been diagnosed with post-traumatic stress disorder and happens to be Donald J Trump's only niece. In *The Reckoning*, she applies her unique expertise to the task of helping Americans confront an all-encompassing trauma, one that has taken an immense toll on their nation's health and well-being. A new leader alone cannot fix the situation. Donald J Trump is only the latest symptom of a disease that has existed within the body politic since America's inception - from the original sin of slavery through its population's unceasing, organised commitment to inequality. An enormous amount of healing must be done to rebuild the lives of Americans, their faith in leadership and their hope for their nation. It starts with *The Reckoning*.

"When the sun tops a nearby mountain, Tallulah's Wall, and bathes the town in soft Southern light, Niceville exudes an almost unearthly beauty. But there's a reason why Native American tribes avoided the place: An absence, "Nothing," inhabits the air and the depthless crater atop the ancient peak, bending time and the desires of a chosen few to her shadowy ends. As the Reckoning begins, Detective Nick Kavanaugh and his wife, Kate, a family lawyer, have accepted that reality in Nicevilleis not normal. Seemingly they've fought Nothing to a draw. But now a buzzing emerges in the heads of some perfectly regular folks. The boundaries between worlds are dissolving. And Nothing isn't finished."--Page 4 of cover.

A haunting novel about a black woman who returns to her hometown for a plantation wedding and the horror that ensues as she reconnects with the blood-soaked history of the land and the best friends she left behind. More than a decade ago, Mira fled her small, segregated hometown in the south to forget. With every mile she traveled, she distanced herself from her past: from her best friend Celine, mocked by their town as the only white girl with black friends; from her old neighborhood; from the eerie Woodsman plantation rumored to be haunted by the spirits of slaves; from the terrifying memory of a ghost she saw that terrible day when a dare-gone-wrong almost got Jesse--the boy she secretly loved--arrested for murder. But now Mira is back in Kipsen to attend Celine's wedding at the plantation, which has been transformed into a lush vacation resort. Mira hopes to reconnect with her friends, and especially, Jesse, to finally tell him the truth about her feelings and the events of that devastating long-ago day. But for all its fancy renovations, the Woodsman remains a monument to its oppressive racist history. The bar serves antebellum drinks, entertainments include horrifying reenactments, and the service staff is nearly all black. Yet the darkest elements of the plantation's past have been carefully erased--rumors that slaves were tortured mercilessly and that ghosts roam the lands, seeking vengeance on the descendants of those who tormented them, which includes most of the wedding guests. As the weekend unfolds, Mira, Jesse, and Celine are forced to acknowledge their history together, and to save themselves from what is to come.

Unknown to Katie, her long-lost love seeks her even as she has another interest. Yet she yearns for peace, which requires facing her plain heritage. *Heritage of Lancaster County* book 3.

Reeling from the sudden death of the pope during an international celebration, the Archbishops of the Roman Catholic Church unanimously elect Peter Carenza, a charismatic young priest from the United States, to be the next Pontiff. Carenza has revitalized the Church in America, attracting new worshipers in droves to his scandal-free, countrywide congregation. Carenza remakes the Church in his new image, allowing priests to marry, giving power to women, and preaching of the power of God in man -- which Carenza himself seems to wield. He can heal the sick, summon lightning from a clear sky, even raise the dead. Is Peter Carenza the long prayed-for Second Coming? Or do his powers come from a darker Master?

"Penman's characters are so shrewdly imagined, so full of resonant human feeling that they seem to breathe on the page." --San Francisco Chronicle "Never forget, Llewelyn, that the world's greatest fool is a Welshman who trusts an English king." His father's words haunt Llewelyn ap Gruffydd, Prince of Wales, who has been ruling uneasily over his fractious countrymen. Above all else, Llewelyn fears that his life and his own dream--of an independent, united Wales--might be lost to Edward I's desire to expand his English empire. Alive from the pages of history, this is the hauntingly beautiful and compelling tale of a game poised to play itself out to its bloody finale as English and Welsh cross swords in a reckoning that must mean disaster for one side or the other. For anyone who has ever wanted to experience the rich tapestry of British history and lore, this bold and romantic adventure must be read.
