According to our DNC source Deep Anus, the plan is for Joe Biden to step down just prior to 16 September, at which point the DNC rules allow them to elevate Harris to the top spot and bring in a Republican RINO Never-Trumper (Zionist Bob Corker from Tennessee comes to mind) as the “cross-over” VP claiming to form a “unity ticket.”

The following essay represents, in my opinion, the accurate and detailed plan of the present Zionist regime (of Sharon and Eitan) for the Middle East which is based on the division of the whole area into small states, and the dissolution of all the existing Arab states. I will comment on the military aspect of this plan in a concluding note.

The Zionist Communist Takeover Of. America - 45 Declared Goals.
By Jeff Rense. 4-24-18. On January 10, 1963, the House of Representatives and later the Senate began reviewing a document entitled 'Communist Goals for Taking Over America.'. It contained an agenda of 45 separate issues (attacks and techniques) that, in hindsight, were quite shocking then and equally stunning today.

Plan Dalet was a plan worked out by the Haganah in Mandatory Palestine in March 1948. Its name was from the letter Dalet, the fourth letter of the Hebrew alphabet. Its purpose is much debated. The plan was a set of guidelines to take control of Mandatory Palestine, declare a Jewish state, and defend its borders and people, including the Jewish population outside of the borders, 'before, and in anticipation of' the invasion by regular Arab armies. According to the Israeli Yehoshafat Harkabi, "Pla

TEHRAN, Dec. 16 (MNA) – Tunisia has no plans to match Morocco's decision to recognize the Israeli regime, Prime Minister Hichem Mechichi said. He insisted that establishing relations with the Zionist regime was "not on the agenda", AFP reported.

Some seventy-five years after the boundaries of the British Mandate for Palestine were set, the State of Israel still lacks a defined territory and agreed-upon boundaries, except for its boundary with Egypt. This book examines this unusual situation, concentrating especially on the perceptions of territory and boundaries within the Zionist movement. Galnoor discusses the period from the first territorial decision in 1919 up to the establishment of the State of Israel in 1948, placing special emphasis on the relatively unknown Zionist, Palestinian, and Arab positions regarding territorial partition in 1937. And he argues that although dramatic changes

Acces PDF The Zionist Plan For The Middle East

have occurred in the international and regional arena, the partners to the conflict, the security considerations, and the international dilemmas, the 1937 decision contained the parameters of the choices that have confronted Arab and Israeli leaders ever since. His findings are of direct relevance to the ongoing Arab-Israeli peace negotiations, which once again revolve around the trade-off between national goals and territorial aspirations.

Formulated in 1937-38, the Jewish Agency Executive plan for partitioning Palestine - though never implemented - was not an isolated episode, but had short- and long-term implications from the Jewish perspective.

In this work Yossi Katz shows that the Jewish Agency Executive's partition plan, though never implemented, was not an isolated episode, but had short- and long-term implications from the Jewish perspective - that as well as having an impact on the immediate settlement policies, it also had significant effect on the partition of Palestine in the late 1940s, and on shaping the state-in-formation.

A landmark manifesto issuing a bold call for a one-state solution to the Israeli-Palestine conflict. The reigning consensus in elite and academic circles is that the United States must seek to resolve the Palestinians' conflict with Israel by implementing the so-called two-state solution. Establishing a Palestinian state, so the thinking goes, would be a panacea for all the region's ills. In a time of partisan gridlock, the two-state solution stands out for its ability to attract supporters from both sides of America's ideological divide. But the

Acces PDF The Zionist Plan For The Middle East

great irony is that it is one of the most irrational and failed policies the United States has ever adopted. Between 1970 and 2013, the United States presented nine different peace plans for Israel and the Palestinians, and for the past twenty years, the two state solution has been the centerpiece of U.S. Middle East policy. But despite this laser focus, American efforts to implement a two-state peace deal have failed—and with each new attempt, the Middle East has become less stable, more violent, more radicalized, and more inimical to democratic values and interests. In *The Israeli Solution*, Caroline Glick, senior contributing editor to the *Jerusalem Post*, examines the history and misconceptions behind the two-state policy, most notably: - The huge errors made in counting the actual numbers of Jews and Arabs in the region. The 1997 Palestinian Census, upon which most two-state policy is based, wildly exaggerated the numbers of Palestinians living in the West Bank and Gaza. - Neglect of the long history of Palestinian anti-Semitism, refusal to negotiate in good faith, terrorism, and denial of Israel's right to exist. - Disregard for Israel's stronger claims to territorial sovereignty under international law, as well as the long history of Jewish presence in the region. - Indifference to polling data that shows the Palestinian people admire Israeli society and governance. Despite a half-century of domestic and international terrorism, anti-semitism, and military attacks from regional neighbors who reject its right to exist, Israel has thrived as the Middle East's lone democracy. After a century spent chasing a two-state policy that hasn't brought the Israelis and Palestinians any closer to peace, *The Israeli Solution* offers an alternative path to stability in the Middle East based on Israeli sovereignty over Judea and Samaria.
