This comprehensive collection describes all the published works by one of America's most famous and prolific dramatists. Author of Glass Menagerie, A Streetcar Named Desire, Cat on a Hot Tin Roof and many other dramas presented on both stage and screen, Tennessee Williams was also the writer of short stories, poetry, novels, essays and autobiography. More than an updating and expansion of materials, this edition is so different from the first (1980) as to constitute virtually a new book, recast to bring together all information about a particular work by Williams: its often complicated publication history, productions with reviews, and criticism, including dissertations. Separate sections list recordings, paintings, biographies and interviews, manuscripts available at 19 institutions, and translations into 36 languages. Arranged alphabetically throughout, with cross references and three indexes. Annotation copyrighted by Book News, Inc., Portland, OR
