By the acclaimed author of *The Soul of an Octopus* and the bestselling memoir *The Good Good Pig*. When Sy Montgomery ventured into the Amazon to unlock the mysteries of the littleknown pink dolphins, she found ancient whales that plied the Amazon River at dawn and dusk, swam through treetops in flooded forests, and performed underwater ballets with their flexible bodies. But she soon found out that to know the botos, as the dolphins are locally called, you must also know the people who live among them. And so in *Journey of the Pink Dolphins*, Montgomery—part naturalist, part poet, part Indiana Jones—winds her way through watery tributaries and riverside villages, searching for botos and hearing the tales of locals who believe these ethereal dolphins are shape-shifters—creatures that emerge from the water as splendidly dressed men or women only to enchant their human onlookers, capture their souls, and then carry them away to the Encante, an underwater world. Montgomery takes readers on four separate journeys, exploring the river-dwelling dolphins' natural history, chronicling their conservation pressures, unraveling their prehistoric roots, and visiting with shamans who delve into the Encante.

The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government.

Fourth-graders Drake Doyle and Nell Fossey combine their detective and scientific investigation skills to solve a variety of cases, involving a noisy garbage can, endangered frogs, a stuck truck, and a mysterious love letter. Includes a section of scientific experiments and activities.

Using their native language, the Navajo Marines played an invaluable part in World War II as they sent messages, did maneuvers, and completed tasks with words that couldn't be deciphered by the enemy. Reprint.

Title 40 Protection of Environment - Part 52 (52.01 to 52.1018)

Part 52 (52.01 to 52.1018) Volume 3

A new title in the bestselling series about the world's greatest supersleuth in sneakers! A slippery salamander, a banana burglar, a judge who's run away, and a presidential toothbrush . . . these are just some of the clues that the world's greatest young detective must use to solve 10 all-new mysteries. Young readers can try to solve the cases alongside Encyclopedia--the answers to all the mysteries are in the back of the book.

Climb the tallest mountain, dive into the deepest lake, and navigate the longest river in Steve Jenkins' stunning new book that explores the wonders of the natural world. With his striking cut paper collages, Jenkins majestically captures the grand sense of scale, perspective and awe that only mother earth can inspire.
