reveal his secrets of success Like the sayings of the ancient Chinese philosopher Lao-tzu, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In *The Tao of Warren Buffett*, Mary Buffett -- author of three books on Warren Buffett's investment methods -- joins noted Buffettologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest, and most memorable sayings with an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett, and the shareholders of Berkshire Hathaway, so enormously wealthy. Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all, common sense. The quotations in this book exemplify Warren's practical strategies and provide useful

illustrations for every investor -- large or small -- and models everyone can follow. The quotes are culled from a variety of sources, including personal conversations, corporate reports, profiles, and interviews. The authors provide short explanations for each quote and use examples from Buffett's own business transactions whenever possible to illustrate his words at work. As Warren says: "You should invest in a business that even a fool can run, because someday a fool will." "With enough inside information and a million dollars, you can go broke in a year." "No matter how great the talent or effort, some things just take time: You can't produce a baby in one month by getting nine women pregnant." "Our method is very simple. We just try to buy businesses with good-to-superb underlying economics run by honest and able people and buy them at sensible prices. That's all I'm trying to do."

considered the most successful investor of the twentieth century. Since the early 1950s, Buffett has proved himself to be an astute investor, and he turned Berkshire Hathaway from a struggling small textile business into the tenth-largest public company in the world, valued at more than \$600 billion. Buffett is well known for his simple but invaluable principles regarding investing and finances, and countless businessmen and people looking to be smarter with their money and their investments have turned to Buffett for his advice. One of those people is Robert Bloch, son of the cofounder of the tax preparation company H&R Block. The Warren Buffett Book of Investing Wisdom contains 350 quotes that Bloch has personally found to be indispensable to financial success. With the written blessing of Buffett himself, Bloch has selected the best of Buffett, wisdom that will guide you

to becoming the most disciplined and rational long-term investor you can be.

At last, here is a book that reveals what the public really wants to know about this legendary investor: how he determines where he puts his money. From a team with privileged insight, Mary Buffett, a savvy CEO and Warren Buffett's former daughter-in-law, and David Clarke, a successful portfolio analyst, comes **BUFFETTOLOGY**, the most detailed explanation ever of the billionaire's unique investment techniques. Using Warren Buffett's system to access a company's potential economic excellence and the right price to pay for its stock, **BUFFETTOLOGY** demonstrates the actual mathematical models and equations, revolving around three variables: the yearly per share earnings figure, its predictability, and the market

price of security. With **BUFFETTOLOGY**, individual investors will come to truly understand, and emulate, Warren Buffett's masterful insight, and see that investment is most intelligent when it is most businesslike.

Published in 1997, the bestselling **BUFFETTOLOGY** was tailored to the conditions of investors in the midst of a long bull market. Now, four years later, that market has seen once hot tech stocks crash and investors scramble to move their assets, or what remains of them, back to the safety of traditional blue chip companies. As peaks turn to troughs, worried investors wonder if there are any constants in today's volatile market. The answer is yes: Warren Buffett's value investing strategies make money. And, as **THE NEW BUFFETTOLOGY** demonstrates, there is no time to acquire

like today's bear market. **THE NEW BUFFETTOLOGY** is the first guide to Warren Buffett's strategy for exploiting down stocks - a strategy that has made him the world's second richest person.

Designed to teach investors how to decipher and use financial information like Buffett himself, this one-of-a-kind guide walks readers step-by-step through the equations and formulas Buffett uses to determine what to invest in and, just as importantly, when. Authors Mary Buffett and David Clark explore Buffett's recent investments in detail, proving time and time again that his strategy has earned enormous profits at a time when no one expects them - and with almost zero risk to his capital.

The book is divided into several sections covering Warren Buffett's personal business management: . Managing one's

life - focuses on Buffett's insistence on a good education, picking one's heroes early in life, and staying away from things that damage you personally. The authors also discuss Buffett's belief that challenges make life interesting. . Managing One's Career - Buffett believes that you should work at something that you are passionate about. Do what you like and you will find a way to make money. Do what you hate and you will be miserable even if you are rich. . Managing Employees - place honesty on the same level as intelligence as a managerial attribute. How to keep managers inspired and working hard. . Managing the Business - Buffett has learned that companies that have a durable competitive advantage over their competitors consistently earn more money year after year and are the easiest to manage. . Managing of Personal Money - discover the simple rules that Buffett uses

for buying other businesses and how he has incorporated them into his own personal investment style.

Timeless Investing Strategies for Any Economy For five decades, Warren Buffett has been making himself one of the wealthiest men in the world, amassing more than 30 billion dollars by investing in the stock market. Remarkably, he did it by spurning popular Wall Street trends, adhering instead to his own unique discipline, one the world has come to know as Buffettology. In *The Buffettology Workbook*, internationally acclaimed writer and lecturer Mary Buffett has again joined forces with David Clark, the world's leading authority on Warren Buffett's investment methods, to create an in-depth, step-by-step guide to the concepts and equations Warren Buffett uses to create fantastic wealth. Here you will learn: The
