An updated and revised edition of the Objective CAE course, which prepares students for Cambridge English: Advanced, also known as Certificate in Advanced English (CAE). The Workbook provides the extra practice and consolidation of language and skills required at this level. The Audio CD provides extra listening practice.

This short course includes 40-50 hours of essential exam practice, tips and strategies to prepare students for the Cambridge ESOL PET examination. PET Direct prepares students for the Cambridge ESOL PET examination. The Workbook with answers provides twelve units of additional language practice and includes a complete practice test.

A highly focused Cambridge English: First (FCE) course providing efficient exam preparation in 50-60 core hours. Compact First provides B2-level students with thorough preparation and practice needed for exam success. Ten units cover all five exam papers in a step-by-step approach. The Workbook units for homework and self-study provide further practice corresponding to the Student's Book units with answer key and recording scripts. Each unit has four pages of exercises which consolidate the language and exam skills presented in the Student's Book. Exercises teach students how to avoid common mistakes highlighted by the Cambridge Learner Corpus. B2-level vocabulary is targeted using English Vocabulary Profile. The accompanying Audio CD includes material for all the listening tasks.

Objective Proficiency contains twenty short units providing a wide range of challenging topics and offering lively yet systematic preparation for the Proficiency exam. Ten lessons focus on the Paper 3 summary task, building up appropriate skills gradually. Authentic language examples taken from the Cambridge International Corpus illustrate a wide range of real English usage. The course is written by experienced examiners who have an in-depth knowledge of the Proficiency exam, and contains material informed by the Cambridge Learner Corpus which shows typical mistakes and areas of difficulty for candidates at Proficiency level.

This best-selling textbook addresses the need for an introduction to econometrics specifically written for finance students. Key features:  Thoroughly revised and updated, including two new chapters on panel data and limited dependent variable models  Problem-solving approach assumes no prior knowledge of econometrics emphasising intuition rather than formulae, giving students the skills and confidence to estimate and interpret models  Detailed examples and case studies from finance show students how techniques are applied in real research  Sample instructions and output from the popular computer package EViews enable students to implement models themselves and understand how to interpret results  Gives advice on planning and executing a project in empirical finance, preparing students for using econometrics in practice  Covers important modern topics such as time-series forecasting, volatility modelling, switching models and simulation methods  Thoroughly class-tested in leading finance schools. Bundle with EViews student version 6 available. Please contact us for more details.

Serves as a four-level course that includes 80 hours of class work, with additional time for the self-study work. This course includes a Teacher's Book that contains all the pages from the Classroom Book, with interleaved teaching notes containing optional activities to cater for different abilities. It also provides an accompanying video.

This pack consists of the Student's Book and Workbook without answers, providing all the student's material in one place. The Student's Book fully prepares students to tackle each part of every exam paper. Grammar and vocabulary exercises train students to avoid common mistakes. The CD-ROM supports mixed ability focusing on students' own particular areas of difficulty. The Workbook consolidates and extends the language covered in the Student's Book and includes an Audio CD. Class Audio CDs, available separately, contain the recordings for the listening exercises in the Student's Book. A full practice test is available online for teachers to access.

The Workbook provides students with further opportunities to practice difficult grammar points, and to consolidate their understanding of related grammar topics. It offers a wide range of activities, which include opportunities to work with grammar structures in meaningful contexts. The Workbook also includes review sections for each group of units in the Student's Book. These groups, such as Present and Past, Modals, and Articles, are listed in the table of contents of each Student's Book. This edition includes an answer key. An edition without answers is also available.
